

Barne Barton Update >>>

February 2024

Welcome to our latest Barne Barton newsletter which provides an update on our regeneration plans for your local community.

Demolition of homes

All empty blocks on the estate have now been demolished and made safe. This will help us with future development planning now we have cleared the space. The garage block at the bottom of the site has also been cleared and made safe.

We would like to thank you for your ongoing patience while this demolition has taken place. While we have tried to keep disruption to a minimum, we recognise that this has caused some inconvenience.

Development update

We are pleased to share the news that building work on the first block of apartments at the top of the estate is progressing well. These are the first new homes we are building for residents. We will update you as soon as we have a confirmed completion date on these homes and the next steps.

As part of our wider development plans, we are looking at future planning for homes across the estate.

Working with you – STAR

STAR community organisers continue to offer support for residents on the estate.

If you would like to get involved with the work of STAR, please contact Sam Weaver on 07534 465342.
